

Bryncoch Farm Camping

Open all year round for Camping, Camping Pods and Coarse Fishing. Please call Trevor on 01269 850005 or 07759725507

New Campsite Field Open 2016

Where we are

Llandyfan
Ammanford
Carmarthenshire
SA18 2TY

We are set on the edge of the Black Mountains within the Brecon Beacons National Park, Bryncoch Farm is both peaceful and tranquil.

The centerpiece of the campsite is a well-stocked fishing lake, with a variety of fish species including Carp.

All of the campsite pitches are flat and positioned around the outside of the lake.

The slow pace of life on the campsite makes it the perfect place to take a well-earned break, whether it is fishing or simply relaxing and watching the world go by.

For the more energetic, the farm provides a great base for walking, hill running or cycling.

NEW Barrel Pod , Oval Pod

An alternative to our standard Log Pods
A convenient option for short stay visitors who would just like to get away for a day or two without the hassle of erecting their own tent.

A small friendly run camp site

Glamping at its best

Camping in luxury

For those hardy souls who feel that they are missing out if they don't get wet, fall asleep to the sound of wind, rain and flapping canvas or enjoy taking hours to erect and then take down their tent – then Log Pods may not be the answer! If however you choose to roll-up, unpack your sleeping bags and then uncork the first wine bottle, then Log Pods are definitely for you! Probable our favourite feature is a large porch area where you can sit back, relax, and watch the world go by.

Log Pods are timber camping huts. Double insulated, they are as warm in the winter as they are cool in summer. They can sleep a family of four in comfort.

A futon sofa/bed comes as standard for mum and dad, whilst the kids will a bunk bed. If you have more than 4 kids don't worry just bring an extra air bed to enjoy the Log Pod.

Log Pods have both light and power, so there's no need to miss your favourite soap opera, because the Log Pods contain a TV/DVD/Freeview. Probably our favourite feature is a large porch area where you can sit back, relax, and watch the world go by!

About the campsite

Bryncoch Farm was bought by Graham and Mary some 40 years ago, and until about 15 years ago remained as a fully working farm. With the difficulties in farming over the years, Trevor and his late father Graham were keen to diversify, and given the location and natural surroundings the obvious solution was to branch into tourism and leisure.

My late father the owner of the campsite chose a flat paddock as the perfect place to develop the new venture and set about preparing the 2 acre piece of land in 1992. Keen to encourage all sorts of wildlife to the site, he also decided to create his own lake, using the stream that had ran through the centre of the paddock. By 2007 the campsite has matured beautifully, with lots of natural diversity. Trees and plants surround the site, ducks and geese call the lake home.
